Most travelers dream of Paris, Rome, or London. But tucked away at the southern edge of South America is a city that quietly captures the hearts of those lucky enough to discover it: Buenos Aires.

Buenos Aires isn't a destination you simply visit—it's one you experience. It is a city where grand European architecture meets vibrant Latin American culture. This is a destination that invites you to connect with its culture through all of your senses. Feel the smooth cobblestone streets beneath your feet as you stroll through historic neighborhoods. Listen to world-class musicians and passionate tango performers whose music tells stories without a single word. Sip coffee in elegant century-old cafés, wander tree-lined boulevards, and discover boutique shops tucked behind ornate facades. Every corner tells a story, every meal becomes an event, and every evening feels like a celebration of life. Savor authentic Argentine cuisine with a traditional *asado* experience. Join our welcoming local sighted guides who are proud to share their traditions, history, and way of life as we journey through the city of *Good Airs.*

This journey has been thoughtfully designed for travelers who appreciate authenticity over crowds and meaningful experiences over sightseeing checklists. You'll stay in four-star accommodations, enjoy carefully selected local experiences, and immerse yourself in the rhythm of a city that rewards curiosity and embraces those willing to wander just a little off the beaten path.

If you've been searching for a destination that's sophisticated without being pretentious, cosmopolitan without feeling overwhelming, and unforgettable

precisely because it wasn't on everyone else's bucket list, then Buenos Aires may become your favorite city you've never considered.
Come discover the Paris of South America—but prepare to find something entirely its own.

Day 1 Tuesday March 16: arrive at EZE airport in Buenos Aires

- You will be met just after baggage claim by one of our local guides.
- Roundtrip airport transportation is included.
- Check-in to the hotel begins at 3 p.m.
- Grab a light lunch and relax or wander the area with your guide until we meet up with the group for dinner.

We will be staying in the Puerto Madero district, a modern area where an old port used to be. Waterfront restaurants and breezy parks are all within minutes of the city's historic districts.
The Welcome Dinner – Traditional Argentine *Asado* is both a traditional open-fire barbecue and a deeply rooted social ritual, perfect for a warm and celebratory introduction to Buenos Aires. Hosted in a relaxed and private event space, the dinner showcases classic Argentine barbecue cuts prepared slowly over the grill, including *choripan*, *bife de chorizo*, *tira de asado*, alongside seasonal vegetables and beloved staple dishes. (Vegetarian/non-red meat options available.) The meal concludes with a traditional flan con dulce de leche, honoring the comforting flavors of local home-style desserts. As with any true *asado*, part of the magic lies in the unexpected—the chef's spontaneous additions, special preparations, or off-menu surprises that reflect creativity, seasonality, and mood. These small twists make each gathering unique and unrepeatable. More than a meal, this dinner is about coming together around the fire: sharing stories, easing into the group dynamic, and experiencing Argentine hospitality at its most genuine. It's a first night designed to feel less like a formal event and more like being welcomed into someone's home. *Multi-course dinner included with Catena Zapata wine pairing

Day 2 Wed March 17:

Morning Recoleta + Retiro Walking Tour

After enjoying a hearty breakfast, we will meet our van to embark on an enchanting journey. Our adventure begins with a walking tour through the upscale neighborhoods of Recoleta and Retiro, where Argentina's French-inspired elites once lived. This area, developed in the late 1800s, is adorned with magnificent 60-room French-style mansions, lined with lush, leafy avenues. As we stroll, you will notice the presence of designer shops and dramatic churches that add to the grandeur of the surroundings.

One of the tour's highlights is the Recoleta Cemetery, a serene and historic site that serves as the final resting place for the city's aristocracy and aspiring socialites. Here, you will encounter thousands of intricately designed mausoleums, each telling the story of Argentina's Presidents, artists, and historical figures, including the renowned first lady, Evita Peron. Our knowledgeable guides will lead you through Plaza St Martin, also a lovely green space, where you will be enveloped by the imposing Anchorena Palace, the Basilica of the Holy Sacrament, the Kavanaugh building, and the British tower—a clock tower gifted to the city by its British community in 1916 to commemorate independence.

As we continue, we will wander down Arroyo Street and explore Alvear Avenue, known for hosting Argentina's most opulent palaces. Throughout the tour, you will learn about Argentina's golden age, the heroic deeds of San Martín and his Liberation Campaigns, the legacy of Evita Perón and Peronism, and the timeless tales of love and revenge that resonate through history. You will also discover the unique quirks and habits of the local porteños, the city's inhabitants.

Our journey concludes with a walk through a picturesque park to visit the Floralis Generica, a striking modern landmark of Buenos Aires, that represents all flowers and the hope of rebirth. After the tour, our van will be ready to transport us back to the hotel, or you may choose to remain in the neighborhood to enjoy lunch.

Evening Dinner Tango Show

Tonight we will step into the timeless world of El Viejo Almacén, a historic tango venue where Buenos Aires' most emblematic art form unfolds in an authentic and vibrant cultural immersion in an intimate, atmospheric setting

featuring passionate dancers, talented musicians, and powerful singers. As the lights dim and the first notes of the bandoneón fill the room, dancers take the stage with precision, intensity, and emotion—each movement telling a story of longing, connection, and porteño identity. Surrounded by warm wood, soft lighting, and a sense of old-world elegance, you'll experience tango not just as a performance, but as a feeling—raw, expressive, and deeply rooted in the city's soul. An unforgettable night that captures the romance and drama of Buenos Aires. *Dinner included

Day 3 Thursday March 18

Guided by Milena's expertise, you'll learn about the history, cultural significance, and olfactory profiles of these iconic Argentine scents before crafting your own bespoke blend. At the end of the experience, you'll take home a personalized bottle — a fragrant treasure that captures the spirit of the land. *Workshop included.

Day 4 Friday March 19
Day trip to the Delta Region + Lunch & Wine Tasting
Today we will head about an hour north of the city to the world's third-largest river delta, Tigre City. This popular weekend getaway for portenos is a natural gem of wildlife-rich wetlands located at the entrance to the Paraná Delta, a vast network of rivers and islands to explore. We will discover a world of stilted vacation homes, floating convenience stores, and colonial houses. We will take a gentle boat ride throughout the islands as we learn about the landscape of the latte-colored water and the culture of the people who live here. Learn about the Spanish colonial origins of Buenos Aires and the role of the Northern Suburbs. Explore the Cathedral of San Isidro and the role of Catholicism in colonial times and beyond. Discover the idiosyncrasy of the Northern Suburbs, including closed gate communities, US influence, and active lifestyles. Learn about unsung revolutionary love Mariquita Sánchez de Thompson and the story of the Puccios, highborn assassins. We will discover the Tigre Delta, from smugglers' haven to weekend paradise, and learn about the life of the islanders, flora, fauna, and geology of this place. We will have lunch and a wine tasting along the river. Afterward, there will be free time to explore.
*Lunch + wine tasting included

Day 5 Saturday March 20
San Telmo Food Tour
Today's adventure takes us to one of the city's oldest barrios, San Telmo. We will experience layers of history while we wander the cobblestone streets and Centennial Marketplace of San Telmo. We will try the most iconic dishes of Argentina, while learning about the quirks, history, and traditions of the porteños. San Telmo is a vibrant neighborhood known for its centuries-old colonial architecture, antique dealers, hidden gems, and bohemian feel. During our tour, you will enjoy a mini-masterclass on the traditional drink Mate, paired with dulce de leche-filled alfajores (cookies), and learn how to become a cebador (a traditional server of yerba mate). We will also try delicious empanadas, traditional Argentine cocktails, and indulge in a tasting of cured meats and cheeses. Additionally, we will visit a

neo-bodegón (a modern twist on a classic Argentine tavern) where Buenos Aires's youths reinvent grandma's cuisine and sample assorted seasonal dishes. As we continue to explore San Telmo, we will discover the San Telmo Church and Dorrego Square; this heart of the neighborhood is perfect for people watching, and maybe we'll even come across tango students dancing for tips. We will walk through the most iconic market of Argentina, the Centennial San Telmo Market. We will meet the locals behind the food parlors and learn their emotional stories of food and traditions. We will have an unforgettable culinary experience that celebrates the history and culture of Buenos Aires's food scene. We will have plenty of free time to explore this area on our own. *Lunch included.

Day 6 Sunday, March 21
Uruguay Day Trip
Check another country off your list!! Today we'll have a full-day escape to Colonia del Sacramento, one of Uruguay's most charming destinations and a UNESCO World Heritage Site. Departing from Buenos Aires, we'll cross the Río de la Plata via an hour-long ferry ride to a town known for its cobblestone streets, colonial architecture, and relaxed atmosphere. Upon arrival, explore the historic quarter, where Portuguese and Spanish influences blend in beautifully preserved buildings, scenic plazas, and iconic landmarks such as the lighthouse and the Calle de los Suspiros. Day 7 Monday March 22
Gaucho Experience
Located just outside Buenos Aires, the town of San Antonio de Areco is often referred to as the "heart of gaucho traditions." This picturesque town is a living museum of Argentina's rural past. With cobblestone streets, historic architecture, and a slow pace of life, it offers visitors a glimpse into

a different era, where gauchos and their way of life still thrive. San Antonio de Areco is the gateway to some of the finest estancias in Argentina, and its charm lies in its authenticity. This will be quite a fun sensory experience as we visit traditional silversmiths, allowing guests to feel and see the craftsmanship of both silver and leather through touch. Then we'll head to an estancia where guests will enjoy a traditional countryside-style barbecue and hear some live music. Guests can also interact with horses and ride horse-buggies before wrapping up the day with a traditional countryside tea. These sprawling ranches offer a window into the rural life of Argentina, where cattle and horses roam freely across the *pampas* (plains). We'll have an intimate and personalized experience, designed specifically for foreign visitors seeking something beyond the typical tourist attractions. During a day at the estancia, you can expect to be welcomed by the warm and hospitable gaucho family. *Lunch + activities included

Day 8 Tuesday March 23
Overnight trip to Iguazu Falls + Cooking Class
After breakfast we will head out to Buenos Aires's smaller city airport to catch our just under two-hour flight up to Iguazu Falla. It is the largest waterfall system in the world, featuring 275 cascades spanning nearly two miles along the Argentine-Brazil border. The Argentine side encompasses about 80% of the falls. It features an extensive network of catwalks that let you walk directly over and around the rushing cascades, getting you incredibly close to the mist.
We'll check into our hotel, which is harmoniously nestled in a subtropical rainforest along a river, where you'll be immersed in nature amongst the sounds of the jungle. You'll have plenty of time to settle in, grab a light lunch and explore the area before we head out to our evening activity.

Evening Argentine Experience Iguazú offers a unique and interactive way to discover Argentina's food culture through a relaxed, hands-on dining experience. Designed for small groups, this experience is ideal for travelers who want to connect with local traditions in a social and welcoming environment. Guided by local hosts, we'll learn about Argentina's culinary

identity while actively participating in the preparation of classic dishes, including handmade empanadas. Throughout the evening, the experience is paired with a tasting of premium Argentine wines, offering insight into the country's most important wine regions and grape varieties. The evening unfolds as a shared table experience, combining storytelling, food preparation, wine tasting, and a full dinner that reflects Argentina's flavors and traditions. More than just a meal, The Argentine Experience Iguazú is a cultural introduction to Argentine gastronomy and a relaxed complement to the natural wonders of Iguazú Falls. *Dinner included

Day 9 Wednesday March 24
Iguazú Falls - Argentina Side
The Argentine side of Iguazú Falls offers an immersive experience of one of the most impressive natural wonders on Earth. Located within Iguazú National Park, a UNESCO World Heritage Site, this side of the falls allows visitors to explore an extensive system of walkways and trails that bring you remarkably close to the cascades. The visit includes access to the Upper Circuit and Lower Circuit, each offering different perspectives of the falls, from wide panoramic views to intimate viewpoints just above the rushing water. Along the way, visitors walk through lush subtropical rainforest, home to diverse wildlife such as butterflies, birds, coatis, and tropical plants. A highlight of the excursion is the Devil's Throat (Garganta del Diablo), where a train ride and elevated walkway lead to a dramatic platform suspended above the most powerful section of the falls. Here, the roar of the water, the mist, and the sheer scale of the cascades create an unforgettable sensory experience. Throughout the visit, there is time to enjoy the scenery and connect with the surrounding nature. The Argentine side of Iguazú Falls offers the most complete and up-close way to experience this extraordinary natural spectacle.
After our day at the Falls, we will head back to the airport for our evening return flight to Buenos Aires and recheck into our original hotel for the night.

Day 10 Tuesday March 16
Farewell lunch at Chuí
After we check out of our hotel, we'll close our time together with a leisurely farewell lunch at Michelin recommended Chui, a vegetarian gem tucked into a lush urban oasis. Surrounded by greenery and natural light, we'll enjoy inventive, farm-to-table dishes that celebrate seasonal produce, bold textures, and unexpected flavor combinations. It's a calm, sensory pause from the city—earthy aromas, vibrant colors, and thoughtfully crafted plates—ideal for unwinding, sharing reflections, and saying goodbye over food that feels both nourishing and inspiring.
